

# MARK HOUSTON RECOVERY

## Financial Responsibility

Mark Houston Recovery (MHR) appreciates the confidence you have placed in us for the care of your significant other. We believe our commitment to care for your loved one is sacred and we will attempt to provide the best care available.

Tuition cost is \$11,000 per 30-day period for the first 90 days, then \$9,000 per 30-day period thereafter. In addition, each resident is required to pay a one-time non-refundable admission fee of \$1,000. All tuition and fees must be paid prior to or at the time of admission. Tuition for any future 30-day periods must be paid in advance (on or before the first day of the 30-day period for which you are paying). Discounts are available for those paying for the entire initial 60 or 90-day program in advance when paying by check, cash or wire transfer. Discounts are not available to those paying by credit card.

***All tuition paid to MHR is non-refundable.*** \_\_\_\_\_ (Initials)

Tuition periods are never pro-rated regardless of the amount of days a resident actually stays at MHR, thus, if a resident leaves prior to completing the initial 90 day period or any subsequent 30-day period, whether voluntarily or invites early termination from the MHR staff, there will be no refund for any such tuition paid.

\_\_\_\_\_ (Initials)

The quoted tuition pricing is a package price and because MHR commits its resources upon admission of a resident, the tuition cannot be prorated or refunded. This policy allows us to properly allocate our resources to better serve our residents and, we believe, helps keep our tuition fees as low as possible. It is also our firmly held belief that this policy may indeed help in the recovery process by providing a strong disincentive for a resident to leave the program without completing their agreed period of residence.

The tuition covers the following:

- Full access to all of MHR's programming and facilities
- Initial physical exam with our recommended consulting family physician
- Initial psychological evaluation and any subsequent psychiatrist visits for medication management with our recommended consulting psychiatrist
- All literature, drug testing, telephone calls and haircuts
- Transportation to all scheduled off site programming

The tuition does not cover the following:

- Any visits beyond the initial Physical Exam to our consulting family physician or any other physician or health care professional

- Medications
- Dentist visits
- Any other type of doctor visit or medical care
- Transportation above and beyond normal programming
- The pharmacy preferred for use by MHR accepts many insurance plans. We will need a copy of your insurance card to give to the pharmacy to bill your insurance company for medications. Should our pharmacy not accept your plan, you will be responsible for filing any insurance claims for reimbursements. We also require you to provide a credit card number for medications and/or co-pays at the pharmacy.
- MHR does not file insurance claims. MHR cannot and will not assist any resident or their families with filing insurance claims.
- MHR is not a medical facility and our programs do not include the provision of any medical care, health care or other treatment services. In the event a resident has required medications, MHR requires that such medications be secured and will provide an opportunity for the residents to self-administer their medications in front of staff in a controlled environment.
- MHR is not financially responsible for any EMS trips or emergency room visits. These will be billed directly to you.
- The cost to repair any damage caused to MHR property by a resident will be charged to that resident's financially responsible party.
- If a payment of the admission fee is received but the resident does not enter the program at the scheduled time, MHR will retain the \$1,000 administration fee to cover its costs incurred in attempting to admit the resident.
- It is very important that the tuition be paid on time. Residents whose accounts are past due by 5 days will be discharged on the fifth day unless prior acceptable arrangements have been made with our accounting department.
- **The Mark Houston Recovery guarantee:** For any of our 90-day plus graduates who follow our recommendations and whose family members follow our recommendations, the resident will be allowed to return to Mark Houston Recovery for one free 30-day period in the event of relapse during the first twelve months following discharge. The resident must comply and stay in compliance with all MHR rules and standards in order to qualify and to continue to qualify. In addition, each resident is required to pay a \$1,000 non-refundable admission fee to readmit a resident under the guarantee.

Payment Options:

**60-Day Program:** Pay Monthly - **\$23,000** (\$12,000 due at admission, \$11,000 due 30 days later)

Pay in Advance – **\$21,000** due at admission (*credit cards not accepted for this option*)

**90-Day Program:** Pay Monthly - **\$34,000** (\$12,000 due at admission, \$11,000 due in 30 and in 60 days)

Pay in Advance – **\$31,000** due at admission (*credit cards not accepted for this option*)

We accept all major credit cards for residents choosing to pay monthly. Credit cards are **not** accepted for those choosing to take advantage of the discount by paying in full at admission.

As the financially responsible party for \_\_\_\_\_, I have read, understand and agree to
